Terms That Apply to all Accounts

- Dividends will begin to accrue on the business day of deposit. Above are prospective dividend rates for the current dividend period.
- All accounts have variable dividend rates and may change as determined by the Board of Directors.
- Dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period.
- The average daily balance is calculated by adding the balance in the account each day of the period and dividing that figure by the number of days in the period.
- The following are examples of dividend periods. All other dividend periods follow the same pattern of dates: Monthly Jan 1–Jan 31; Quarterly Jan 1–Mar 31.
- The Board of Directors reserves the right not to pay accrued dividends if an account is closed before dividends are paid.
- Dividends are paid from current income and available earnings, after required transfers to reserves, at the end of a dividend period.
- Fees may reduce earnings.

¹ Holiday Club

- Withdrawals are not allowed. On the first business day of November, dividends will be paid and the entire balance of the account will be transferred to the Share Savings Account.
- If closed prior to November 1st, accrued dividends will not be paid.

² Elevate Savings, Platinum Plus Savings

Dividends are calculated based on the average daily balance in the account. To obtain the displayed rate, you must have ACH payroll direct deposit(s) totaling \$1,000 or more in the 34 calendar days preceding the last day of the month. Income earned through self-employment or working an IRS classified “Gig Economy” job does not qualify as direct deposit. If requirement is not met, the rate will be 0.25% lower. If average daily balance is below \$10,000 on an Elevate Savings account or \$25,000 on a Platinum Plus account, APY earned will be 0%.

³ Student Spend Account

- Checks will not be issued on this account.

⁴ High-Yield Checking

Dividends are calculated based on the average daily balance in the account. If requirements are met, a higher rate will be paid for the first \$25,000 and a lower rate will be paid for any amounts over \$25,000. If requirements are not met, your dividend rate on your entire balance will be the lower rate. Requirements:

- You must be enrolled in eDocuments
- You must have ACH payroll direct deposit(s) totaling \$1,000 or more in the 34 calendar days preceding the last day of the month. Income earned through self-employment or working an IRS classified “Gig Economy” job does not qualify as direct deposit.
- You must have 15 net PIN or signature point-of-sale debit and/or credit card transactions over \$5 in the 34 calendar days preceding the last business day of the month. All debit and/or credit transactions must be posted one business day prior to the last business day of the month. The net is calculated by counting the number of PIN and signature point-of-sale debit and/or credit purchase transactions over \$5 and subtracting any PIN or signature point-of-sale debit and/or credit return transactions processed during that period.

Schedule of Fees

Transaction will post with the following description unless noted with parentheses.

⁷ Active Checking Account - 5 or more transactions per month (deposits, transfers, debit card trans., bill pay, etc.) AND \$1,000 or more in direct deposits per month.

⁸ Fee does not apply to checks less than \$100, checks issued on a Wings account or if account holder has matching funds on deposit.

Posting Order of Items & Timing

To minimize overdraft and NSF charges, items post to your account as follows:

- Checks (that were written against your account) – Posted in a batch nightly from smallest dollar amount to the largest. This does not include checks brought directly into a branch for negotiation – which may be posted immediately.
- ACH Items (electronic credits and debits that you authorized) – Multiple batches are received throughout the day. For each batch – domestic credits are posted first, domestic debits are posted second from the smallest dollar amount to the largest, and foreign items are posted last. There may be a posting delay for foreign items "International ACH Transactions" (IAT's) due to OFAC list screenings.
